

Personal Fashion Worksheet

Here's a list of items you'll probably need for different events in the show ring. We've left space for you to write in your own notes about the color and style of that item you either have, or need to find. It's helpful to keep this "show inventory" with you when you shop, so you don't buy things that don't work with the rest of your wardrobe. If possible, attach snips of fabric from your current wardrobe to this form—you'll need them for color matching. There's also a color wheel on the reverse side to help you choose winning colors for you and your horse.

Winning Colors

Use this chart to help you determine which colors are especially flattering on your horse. Find your horse's primary coat color on the chart (redhead, brunette, or neutral) then consider colors in the suggested ranges.

For Appaloosas, Paints, Pintos, and other horses with more than 50% body white, we suggest the colors on the bottom and left side of the color wheel.
